

CYBER SECURITY

2014 EDITION

ENJOY SAFER TECHNOLOGY™

CYBER SECURITY

ESET® Cyber Security delivers fast, powerful protection to your Mac, helping you enjoy safer technology. On the Internet, your personal data is secured against theft by Anti-Phishing. The solution is designed to look after your security, while not getting in your way - ESET Cyber Security's low system footprint takes care of that.

Be Safer on the Internet

Protect your Mac against malware, as well as Windows- and Linux-targeted threats. Stay clear of all types of malicious code, including viruses, worms, and spyware.

Antivirus and Antispyware	Eliminates all types of threats, including viruses, worms and spyware ESET LiveGrid® technology: whitelisting of safe files based on file reputation database in the cloud	
Anti-Phishing	Protects you from attempts to acquire sensitive information such as usernames, passwords or banking and credit card details by fake websites masquerading as trustworthy ones	
Removable Media Control	Lets you disable access to removable media (CD-ROM, FireWire, USB, iOS devices & other) Allows to prevent unauthorized copying of your private data to external device	
Auto-scan of Removable Media	Scans devices and media for malware immediately upon insertion Scanning options include Scan / No Action / Setup / Remember this action	
Web and Email Scanning	Scans websites (HTTP) while you browse and checks all incoming emails (POP3 / IMAP) for viruses and other threats	
Cross-platform Protection	Stops malware spreading from Mac to Windows endpoints and vice versa Prevents your Mac from turning into an attack platform for Windows-or Linux-targeted threats	

ESET Social Media Scanner

Extend your security to Twitter with this app. It scans for malicious links and protects your profile, as well as posts from those you are following.

Enjoy the Full Power of Your Mac

Protection that leaves more power for programs you use daily. Work, play and browse the Internet without slowdowns. Take advantage of a range of security features to stay online and unplugged longer and enjoy multimedia without pop-ups.

Small System Footprint	ESET Cyber Security maintains high computer performance and extends the lifetime of hardware
Presentation Mode	No disruptive pop-ups during presentations, videos or other full-screen applications Pop-ups are blocked and scheduled security tasks postponed - to maximize performance and network speed
Fast Updates	ESET security updates are small and automatic, without slowing down your internet connection

Install and Forget or Tweak Away

Enjoy the familiar streamlined interface and get powerful protection with default settings. Find the settings you need and easily set up and run computer scans. You get uninterrupted protection as the program runs in the background, and only asks for your attention when necessary.

Settings for Advanced Users	Offers in-depth security settings to fit your needs - for example you can set up scanning time and size of scanned archives
One-click Solution	Protection status and all frequently used actions and tools are accessible from all screens In case of any security alerts, quickly find the solution in one click
Familiar Design	The solution has a crisp design and familiar layout as you are used to in Mac Tools pane view is highly intuitive and transparent, allowing for quick navigation The whole graphic interface was specially designed for Mac OS X
